- **Club Leadership and Business Management School course** *The requirement for new clubs to complete the Club Leadership and Business Management School course (CLBMS 101) prior to registration has been postponed. In an ongoing effort to provide relevant and helpful information for our clubs, we are updating the course. The revised course is scheduled to be released this summer. LSCs and approved new clubs will be notified when the online course is ready, at which point clubs will be required to complete it.*

Per the previous email, clubs were instructed to upload the acknowledgement form. This process has been updated: To move forward in the application process, clubs should click YES for the CLBMS 101 requirement. By selecting YES, you are acknowledging both club leaders will take the course once it has launched. In the Completion Date box, please use the same date as the Signature Date box.

Please note that the CLBMS 201 course is not affected by this change. All approved clubs must complete this course prior to renewing their 2nd year of club membership. More information regarding CLBMS 101 and 201 can be found on our [website](#).
