

Splash Out Cancer – Swim Your Own Age meet

Presented by Swim Strong

Hello Parents, Coaches, Officials and Swimmers who will be attending the SOC meet,

Our facility is hosting a separate event this weekend. Because of this, we recommend that you consolidate vehicles and car pool if possible as parking will be limited on Sunday. Additional parking is available to the side and rear of the Target store.

We will have some space reserved for “camping”. It will not be in the usual event center room located near concessions. The morning session swimmers will be required to use the designated areas. We will have signs that clearly mark the designated areas. We will also have greeters working our lobby to help you find your way. Please come through the main entrance only! Our assigned space for camping may change from Saturday to Sunday. Look for the signs and directions on both days.

We cannot have the younger kids camping on deck as we are using a clerk of course. We also cannot have them camping in the stands as it will be overly crowded. The area at the bottom of the stairs, inside the glass stairwell, will not be available for camping. This area will be used for Deck Entry. If you are seated there you will be asked to move. It will be marked for clear understanding.

ONLY the afternoon sessions will be allowed to place their gear on the pool deck in the assigned areas.

Please remember that only appropriate personnel will be allowed on deck. Parents cannot enter the pool deck if they are not volunteering in some capacity. If you are worried about your youngster, escort them to the pool entrance and let one of the volunteers in Clerk of Course know who your child is. They will escort your youngster from there.

We are confident that this will be another fun and successful meet. We thank you all for attending.

Sean Jones,

Swim Strong
